

Getting to Know...

HNBA Member since 2007

DOUBEK ELECTRIC

Member: **Jerry Doubek**

Jerry is an electrical contractor with 24 years of experience. He provides electrical construction, electrical service, fire alarm and security work. His goal for Doubek Electric is to provide high-quality workmanship at a fair price, regardless of the size of the project.

Jerry joined HNBA because “I feel such an organization can be a great asset to people/businesses looking to build. I would like to help guide HBNA to an even higher standard for its members, particularly in the area of state licensing/certification.”

With a Chetek address, Rice Lake & Cameron phone numbers, and residence within the Barron school district, Jerry and wife, Deb, are cross-community residents! Jerry holds memberships in IAEI (International Association of Electrical Inspectors), and AOPA & EAA (private pilot organizations). He enjoys flying, golf, huntin’ and fishin’. He’s a member of the Rice Lake Curling Club and is also involved with the Rice Lake Sister City program.

**JERRY’S WORK PHILOSOPHY:
TREAT EVERY JOB WITH EQUAL PRIORITY.
BE COMPLETELY HONEST ON AND OFF THE JOB.**
